The Kids are Alright - but what about me?		
Angel Anderson - The Cultural English Centre	**11.00 – 11.50**	
Over the last school year we have been treated to a wide variety of talks through the "Develop with ACIEA: monthly training" programme to help our students of all ages become more efficient learners. But what about us, the teachers? In this light-hearted look at a serious problem, we'll have a look at Teacher Wellbeing; what it is and ways how to improve it.		
Angel had been teaching teenagers for more than 30 years in a wide variety of situations before the lockdown forced him into yet another. Working mainly with teens preparing for the Cambridge upper suite, work continued online with very positive results. He has also taken on the further challenge of mixed classes. While not working with formal classes, Angel also co-runs the school's theatre club, which has also continued despite the circumstances.
